Product Name: Happii Bear Silicone Milk Storage Bag**Material:** Food-Grade Silicone**Dimensions:** 87 × 50 × 182mm**Volume:** 9 oz./260ml**Colour:** Grey**Quantities:** 1pc/2pcs/5pcs

Product Description:

Once you've expressed your precious breastmilk, you'll need somewhere to store it – and where better than the Happii Bear Silicone Milk Storage Bag! These bags are a fantastic, eco-friendly alternative to single-use plastic storage options, able to be reused again and again. Made of non-toxic 100% food-grade silicone, the Happii Bear Silicone Milk Storage Bag protects both your milk and the environment from the harmful effects of microplastics in one cute-as-a-button solution. Use this bag for anything – whether that's expressed breastmilk or any other liquids & purées you need convenient storage for!

After expressing milk, simply pour it into the bag through the convenient wide opening, firmly push in the leakproof stopper, then store according to your country's guidelines. When you're ready to use your stored milk, the bag can be placed straight into warm water to prepare for drinking. It's fridge and freezer safe and can be stored upright or lying down, and is compatible with Haakaa's Silicone Carry Strap (sold separately), making it easy to safely carry your liquid gold wherever you need it! Our Happii Bear Silicone Milk Storage Bag is compatible with all Haakaa Milk Storage Bag and Yummy Pouch accessories, so it can easily adapt to your little one's needs.

Features:

- Reusable, eco-friendly alternative to single-use plastic storage bags.
- 100% food-grade silicone – no plastic touches your liquid gold!
- Leakproof stopper to keep your milk secure.
- Convenient storage – can be stored upright or lying down when filled, or rolled up when not in use.
- One-piece bag is gently curved with no creases for effortless cleaning.
- Compatible with Haakaa's Silicone Carry Strap (sold separately) for convenient carrying.
- Cute bear shape with clear measurements on the side of bag.
- Multi-purpose – store any liquids or purées, or use bag as hot/cold compress or ice pack!
- Easily converts to a squeezable on-the-go feeding pouch with our range of Milk Storage Bag and Yummy Pouch attachments (sold separately).
- Fridge, freezer, microwave and dishwasher safe.
- BPA, PVC and phthalate-free.

Cleaning and Care:

Before first use, disassemble and clean the product, then place the components in boiling water for 5 mins. This is to ensure hygiene. After use, please wash and flush all parts thoroughly with clean water to remove any food residue, including all areas where food has passed through. Wash before and after use. Although dishwasher safe, we recommend disassembling this product and washing in warm soapy water, then rinsing. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Other common methods of heating, cleaning, storage and use not listed in this manual may damage the product. Please do not use bleach-based cleaners or tablets to clean this product. Only soft bristle brushes or soft sponges should be used to clean this product, as hard scourers may scratch the surface. Store product in a cool, dry place and avoid direct sunlight.

PLEASE NOTE: Volume measurements are an approximation and should be used for general reference only. Always follow your country's guidelines and recommendations to safely express and store breast milk.

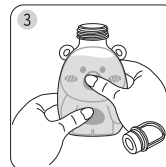

Instructions:

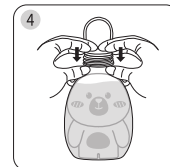

Clean and sterilise your Silicone Milk Storage Bag before and after each use.

Pour breast milk into the bag. Make sure to fill the Silicone Milk Storage Bag no further than the maximum 260ml measurement mark to allow room for milk to expand when freezing.

Squeeze the storage bag gently to expel any excess air, taking care not to spill your milk.

Place the stopper in the opening of the bag and push in firmly. Store in the fridge or freezer.

Safely Warming Breast Milk: Before warming, thaw in the refrigerator or by running under warm water. Thawed milk can be warmed by placing the bag into a bowl of warm water, or using a standard bottle warmer (check compatibility first). Do not heat breast milk directly on the stove or in the microwave.

Optional Interchangeable Attachments

Compatible with our range of Milk Storage Bag and Yummy Pouch attachments to grow with your child's needs (sold separately).

**a** Silicone Leakproof Stopper**b** Silicone Squeeze & Feed Attachment Set**c** Silicone Feeding Spoon Attachment**d** Silicone Yummy Pouch Sippy Spout

Caution:

- Always use this product with adult supervision.
- Before each use, inspect the product. Throw away at the first sign of damage or weakness.
- For your child's safety, never attach product to cords, ribbons, laces or loose parts of clothing, as it can become wrapped around their neck. Optional Silicone Carry Strap is for hand carrying only - never attach to your child.
- Do not store near any sharp objects.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Keep out of reach of children and pets when not in use.
- Do not forcefully squeeze or shake the bag at any time, as this may cause contents to leak.
- Do not fill above top measurement mark as contents may expand when frozen.
