<b>Patterns:</b>	Autumn Glade / Honey Blossom / Spring Breeze / Vintage Garden
<b>Recommended Age:</b>	0 month+

### Product Description:

Haakaa's Waterproof Change Mat is the perfect way to keep changing time comfortable and hygienic, with the choice of four gorgeous botanic designs! These mats have three layers, ensuring they're soft on baby's skin while protecting the surfaces below them from the mess that can so often arrive at this time. They're reusable and easy to wash, so you don't need to keep buying a multitude of disposable mats – simply pop into a laundry bag and throw in the wash – you'll have a clean mat ready to use in no time! And if you have no need for a change mat anymore? They also make fantastic covers for your stroller or bassinet, and because they're lightweight, they roll up easily to take with you wherever you need them.

### Features:

- Waterproof layer provides extra protection for messy nappy changes.
- Soft cotton top offers a gentle touch for baby's delicate skin.
- Non-shifting bottom layer keeps the mat securely in place.
- Versatile use – perfect for changing pads, cribs, strollers, bassinets, and more!
- Lightweight & portable – rolls up easily to fit into a nappy bag for on-the-go convenience.
- Reinforced edges enhance durability, standing up to repeated washes without fraying.
- A range of beautiful botanic patterns.
- Easy-care – hand and machine washable.

### Cleaning and Care:

We recommend hand washing in cold water and using a gentle detergent. Alternatively, put into a laundry bag and machine wash on a cold, delicate setting. Hang to dry. Wash with similar colours to prevent colour transfer. Not suitable for chlorine, bleach, ironing, or dry cleaning. Store in a cool, dry place and avoid direct sunlight when not in use.

### Caution:

- Adult supervision is required at all times.
- Potential suffocation hazard: do not leave child unattended.
- Check product condition regularly. Replace if this product shows any signs of damage.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Keep out of reach of children and pets when not in use.
- Always ensure your changing surface is stable and level before using.
