### Product Description:

Who says towels have to be plain and boring? Haakaa's Snuggly Ears Hooded Towel is the CUTEST alternative you'll ever see. This towel has a dedicated hood to keep baby's ears and head warm, with adorable animal ears to really set things off. The multi-layered fabric is ultra-breathable, making it suitable for post-bathing use no matter the season. It is also incredibly soft and gentle on baby's skin. And when baby outgrows it as a towel? It makes a wonderful wrap or blanket, giving you years of use.

### Instructions:

1. Place towel flat on the floor with the hood corner up.
2. Lie your baby on the towel and carefully position the hood over their head.
3. Continue wrapping your baby in the towel, gently patting them dry.

### Cleaning and Care:

Wash before and after each use. We recommend hand washing in lukewarm water (under 30°C) and using a gentle detergent. Alternatively, put into a laundry bag and machine wash on a cold, delicate setting then allow to hang-dry. Iron on a low setting (below 110°C). Not suitable for chlorine, bleach, or dry cleaning. Store in a cool, dry place and avoid direct sunlight when not in use.
